

HD HOMES

## HD Homes Valued Lender List

Buying a new home is a big and exciting step. HD Homes knows and understands how important it is to help home buyers, particularly first-time buyers, get through the process as smoothly and as confidently as possible. Some of the first questions that will come to mind are:

1. Who can I trust for as a lender?
2. What is this purchase going to cost on a monthly basis?
3. What lending programs would work best for my situation?
4. What other fees might be involved that I am not aware of?
5. How can I be certain that the purchase will close on time?

The more information you have the better of a decision you will make and feel assured of your purchase. This is why HD Homes has created the *Valued Lender List*.

**When you use one of the HD Homes Valued Lenders...HD Homes will pay for your Title Policy and Final Survey at closing!**

All you have to do is contact one of our Valued Lenders listed below to start the qualification process and compare rates. We always encourage you to get multiple rate quotes so you can have a good comparison of what different lenders are offering.
